

Frequently Asked Questions

How does the program work?

Members are assigned a KCI Rewards Pass, which is linked to a credit card kept on file in a secured account. Simply hold your KCI Rewards Pass in front of the logo on the ticket issue machine at the entry of the parking facility and the gate will go up.

When you exit, hold your KCI Rewards Pass in front of the logo on the reader on the outside of the exit booth. Your KCI Rewards Pass will automatically record your time in and out, charge the credit on file and credit you with Frequent Parker Program points.

Members are awarded 1 point for each dollar spent on parking in any of the Kansas City International Airport On-Airport Parking Facilities. When you are ready to redeem for FREE parking, simply login to your Frequent Parker Program account and select the day(s) and garage or lot for which you would like to redeem.

The chart below illustrates how many points are needed for one day of free parking in each lot or garage.

Parking Facility	Daily Rate	Points Needed for 1 Day Free Parking
Economy	\$7.00	50 Points
Circle	\$15.00	200 Points
Garage	\$22.00	300 Points

**Corporate Parker Program Members receive 10% off the Daily Rate.*

How do I sign up?

You must enroll, online, by visiting: www.kcirewards.com. You will be mailed a free KCI Rewards Pass in 5 to 7 days.

I've been parking at KCI Airport for a long time and just became aware of the KCI Rewards Frequent Parker Program. Can I receive credit for past parking stays?

Unfortunately, no. The KCI Rewards Frequent Parker Program is set up so that points can only be accumulated from the day a member receives their KCI Rewards Frequent Parker Pass. No retroactive points can be given.

I have punch cards and free parking certificates from the previous frequent parker program. Can I still use these or do I need to convert my punch cards and unused free parking certificates into online points?

Punch cards and free parking certificates from the previous program will not be accepted with the new fully automated program. Please refer to the "*How to Convert Current Punch Cards and Parking Certificates Into Online Points*" form located on the Frequent Parker Program page at www.flykci.com

How do I redeem my points for Free Parking?

First, login to your KCI Rewards Frequent Parker Program account and select "Rewards". Next, select the garage or lot you would like to park in. Then, follow the step-by-step guide to redeem for the number of days you would like to park with your available amount of points. *Note: the system will not allow you to redeem for a lot/garage or a select number of days that you do not have enough points for.*

Upon parking, simply hold your KCI Rewards Pass in front of the reader when you enter and exit the garage or lot in order to have the credit applied to your account. Your KCI Rewards Pass will automatically credit your stay and your credit card will not be charged for the days you have redeemed for free parking. **There are no certificates to present.**

NOTE: You must enter on the day that you redeemed for or the system will not recognize your redemption and credit your account. If you return later than the date selected, you will still be credited for your parking stay and the system will automatically charge the credit card on file for the difference.

KCI Rewards Frequent Parker Program Points cannot be earned on days free parking redemptions are used. Points are only earned on days of paid parking. This free parking redemption does not reserve a space in the parking garage or lot. If you arrive and the garage or lot is full, you must park in an alternate lot and the free parking redemption must be used on another day.

Please contact us at fpinfo@kcirewards.com to have the redemption points added back into your account.

How do I cancel a parking redemption or view previous parking redemptions made?

First, login to your KCI Rewards Frequent Parker Program account and select “Activity”.

Under the View Activity box at the top, select the arrow for the drop down under “Activity”.

Highlight Parking Redemption.

Click on the Green arrow to the right of the box.

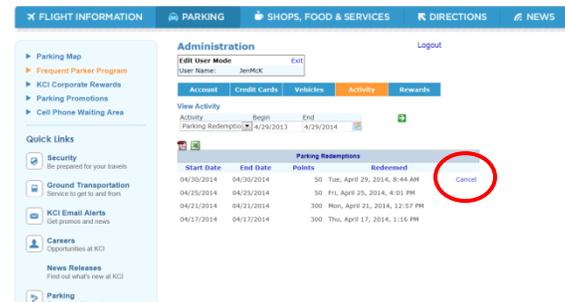

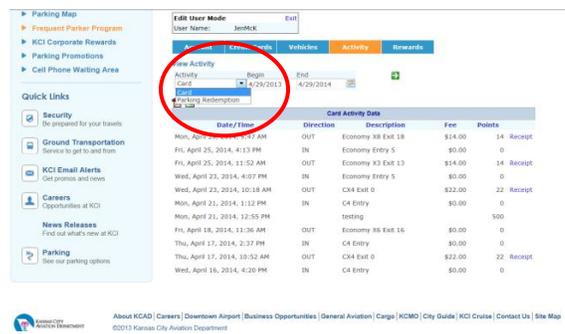

You will then be able to see a list of current and previous parking redemptions.

Parking redemptions can only be canceled or modified PRIOR to entering parking facility for your scheduled parking redemption. Once you are parked, you cannot modify the parking redemption (i.e. add additional days)

If your parking redemption has not yet occurred and you wish to cancel it, simply select “Cancel” next to the redemption. In order to modify an existing redemption, you must first cancel the redemption and then go back to the Rewards tab to make a new parking redemption.

I forgot my username? Where can I find it?

If you have forgotten your username and need it sent to you, simply send an e-mail to fpinfo@kcirewards.com with your request and your name. Please note that username’s are case sensitive.

I am having trouble logging in to my account. Who can I contact for help?

If you are unable to login to your account due to a forgotten user name or password, please try the following:

1. User name error – note that usernames are case sensitive. If you are still unsuccessful, e-mail fppinfo@kcirewards.com with your request and first and last name and a representative will e-mail you with the correct user name on file.
2. Password – Passwords are also case sensitive. If you have forgotten your password, use the “Forgot Password” function on the login screen to have it e-mailed to you. Your password will be reset to a computer generated code that you will be able to use to login. Once you have logged in to your account, you can reset your password.
3. If you are still having trouble logging in using the correct username and a new computer generated password, close out of the page and enter to the login page through www.kcirewards.com (do not use a bookmark to re-access the page). By doing this you will clear out any extra characters that may have been put into the login fields. These are extra characters like spaces that happen from copying and pasting and that we can’t always see but the computer recognizes. You can also put your cursor in the user name or password fields and hit the delete button a few times to make sure it has been completely cleared.

Can family members link or share an account?
